

Supervisors Pass Resolution Asking For Scenic Route

The Nevada County Board of Supervisors Tuesday unanimously approved a resolution calling upon the state legislature to include that portion of old Highway 40 from the Soda Springs interchange on Donner Summit to the quarantine station at Truckee in the state's scenic highway system.

The resolution was introduced by Supervisor H. G. Loehr of Truckee.

A similar resolution was recently adopted by the Truckee-Donner Chamber of Commerce and the Nevada County Historical Society is expected to also enter a formal request. Other local and state organizations are vitally interested in this historically-famous route being perpetuated by the state.

State Senator Paul J. Lunardi has introduced SB348, coauthored by Assemblyman Gene Chappie, asking that the route replaced by Interstate 80 freeway, be included in the scenic system.

A chamber of commerce committee comprising Francis Longo, Jack Marquette and Walter Barrett, has been named to further the project.

It has been pointed out by sponsors that no other road in the state has more beauty nor more historic lore than old Highway 40, the trail used by the early settlers of California, including the Donner Party and others, since the early 1840's.

Committee hearings by the legislature on this, as well as other routes named in the bill, will be held early next month in Sacramento and both Longo and Marquette have indicated they will appear at the hearings if required.

Cal Bechdolt Wins South Tahoe Meet

Cal Bechdolt, 13, son of Mr. and Mrs. Carl Bechdolt of Tahoe City, jumped 119 and 118 feet Sunday at Heavenly Valley to win first place in the second of four qualifying events for the Far West Ski Association's Junior National Nordic meet. He scored 177.1 points.

The cross country portion of the meet was not held when a FWSA regional member of the technical committee declared the course was not properly prepared.

Harry Ericson of Reno said the cross country meet was a "complete bust—an obstacle race instead of a cross country race—because of lack of preparation." Some of the racers became so confused they took wrong trails and became lost, Ericson explained.

John Turner of South Tahoe, placed second in the jumping with 157.4 points, followed by Bill Hobbs, 15, of Truckee who scored 152.5. Steve Cross, 12, of Tahoe City was fifth with 150.1 points, Dave Donaldson of Tahoe City was sixth with 139.8 points.

Other local boys participating included Eric Hendrickson of Tahoe City with 134.1 points, Jim Bechdolt of Tahoe, 131.4 points.

WILSON OFFICIATES AS CORONER IN CASE

Justice of the Peace Fosten Wilson performed his first investigation as acting coroner Saturday in the death of Mrs. Helen Sharp, 49, of Sacramento, killed in an automobile accident on Donner grade.

TAHOE VISTA MOTEL DAMAGED BY FIRE

KINGS BEACH—A bed pushed too close to a wall heater in a unit of the Driftwood Motel in Tahoe Vista caused a fire which cost an estimated loss of \$500.

Fire Chief Curtis Hart said the fire was on a tract adjacent to that of the Rustic Court Cottages where a fire destroyed the owner's unit last Thursday.

Three large pumps, manned by the chief and eight volunteers, responded to the call and kept the fire confined to the one unit.

WARNING IS ISSUED ON REPORTING FIRES

KINGS BEACH—Fire Chief Curtis Hart has issued a stern warning that all fires must be reported. Failure to do so, he said, is a violation of the California state law.

The warning was issued after a blaze at Burrough's Resort in Tahoe Vista, which started at 4 p.m. was not reported until 10:30 a.m.

The fire is believed to have originated from a floor furnace in one of the units and resulted in "only nominal damage."

Hart explained that often a fire is believed extinguished and later it breaks out and causes major damage unless the incipient blaze is reported and investigated by experienced personnel.

More than passing interest, especially in the Tahoe City area, is being expressed in the forthcoming election for trustees of the Tahoe Truckee Unified School District.

Three incumbent trustees are up for reelection in three of the five trustee districts established two years ago. In the First District at Soda Springs, Max Williamson is the incumbent. In District 4, the Tahoe City Area, Paul Rivard is the current representative and in District 5, that area south of the Truckee river bridge to the El Dorado County line, Gordon Moyer is the incumbent.

Other incumbent trustees whose terms will not expire this year are Mrs. Hilda Hintz of District 2, comprising Truckee, Donner Lake and Floriston and Jack Felte of Kings Beach, District 3.

Woman Dies As Car Plunges Off Grade

One woman was killed and three other passengers in a car driven by Steven B. Sharp, 64, Sacramento, were injured, two critically at 8:45 a.m. Sunday when the vehicle plunged off 180 two miles west of the Donner Lake turnoff and landed in the rocks 80 feet below the highway.

Dead on arrival at the Tahoe Forest Hospital was Mrs. Helen Sharp, 49, Sacramento. The driver was in critical condition with head injuries and Charles Wilson, 40, suffered a broken back and his recovery was doubtful. Mrs. Ruth Wilson, 38, had serious, but not critical injuries.

The California Highway Patrol reported the car was proceeding west when the driver either fell asleep or the car skidded on the wet pavement a distance of 40 feet when he suddenly applied the brakes. Both rear tires were smooth the patrol said.

The body of Mrs. Sharp was taken to the Truckee Colonial Mortuary and the others were treated at the Tahoe Forest Hospital.

Patrolman Carroll Maynard made the investigation.

PATROL OFFICERS ON TELEVISION TELL OF EXPERIENCE IN SNOW

Lieutenant O. P. Ledford, in charge of the Truckee office of the California Highway Patrol, and Captain Richard Langner of the Placer area, proved to be excellent television personalities when they appeared on Channel 3 Sunday morning at 11:30 in a half hour discussion on winter travel in the High Sierra.

The interesting and informative interview was accompanied by motion pictures and stills of conditions during the current winter, during which the road has been closed for lengthy periods because of visibility, blizzards and inexperienced drivers.

The officers gave high praise to the division of highways in combating almost impossible weather and driving conditions. Most of the talk was devoted to explaining to drivers how best to avoid trouble during and after storms.

Langner concluded the interview with an amusing story of the college skier who parked his vehicle on the highway and attached a note to the CHP which read: "To the CHP: Please, do not move this car. I'm tired of digging it out."

Clogged highways, congested traffic, snow removal equipment in action and other interesting scenes were shown during the program.

STOLEN CAR QUICKLY FOUND BY PATROL

Just a few minutes after Robert M. Davis of Millbrae reported his car had been stolen from Squaw Valley, Officers Bud McCallen and Dan Davis of the California Highway Patrol spotted the vehicle on Highway 89, gave chase and arrested Presley Carter Lipscomb, 21 of Sparks.

Lipscomb told the officers that after a few beers, he saw Davis' car and decided to take a ride. He was arraigned in Auburn on a car theft charge.

Woman Held After Summit Man Shot In Lodge Quarrel

Mrs. Betty Jane Huskey, 35, a Crestline divorcee, was booked in the Placer County jail on a charge of attempted murder following a shooting at Sierra Lakes Club near Soda Springs Friday night.

Lyle Stevenson, 49, manager of the club was taken to Washoe Medical Center by Truckee Ambulance and was reported in good condition with a .45 calibre gunshot wound in his left shoulder.

Placer County officers, who were called after sheriff's deputies from Truckee made the first investigation, were told by Mrs. Huskey that Stevenson had mistreated her on a previous occasion and that when he entered the room in the lodge at Ice Lake, she fired the weapon.

Stevenson, officers said, started to leave the room when he saw she had an army type .45 in her hand. The bullet tore through the door, through the victim's shoulder and finished up in the hallway outside the room.

Tahoe Department To Buy Ambulance

TAHOE CITY—The board of commissioners of the Tahoe City Fire Protection District has authorized three additional paid firemen for the volunteer department and the purchase of a new ambulance.

College Campus At Tahoe Discussed

The terms of George Duff of Auburn, Richard Lee of Lincoln, Robert Ross of Grass Valley and Harry Wolters of Nevada City as trustees of the Sierra College, expire on June 30, 1965 and all have indicated they will seek reelection by filing by the March 4 deadline.

Terms of Willard Dietrich, Hal Welch and Herby Perry have two years to run.

The trustees and President Harold Wilson went to the south Lake Tahoe School District Tuesday to discuss the possibility of annexing that district to Sierra College district.

The South Tahoe area is considering the possibilities of both the Sierra and Los Rios district.

There is a possibility of a Tahoe campus if the north and south areas combine and when college student population reaches the 600-1000 figure. Such a campus would depend upon financing and population growth expectations.

Financing of the project will be through the sale of bonds approved last year by the electorate of the district in the amount of \$1,150,000. This sum includes building of the wing, remodeling and modernizing the present plant, furnishing and equipping, interest on the bonds and other costs.

COMING TO LODGE

Joe Maize and Marty O'Conlon are scheduled to replace the Esquires on the entertainment bill at Nevada Lodge February 25. This musical comedy duo, a big hit, will remain in the Topaz Room until March 14.

Maize & O'Conlon Replace Esquires

CRYSTAL BAY—The unpredictable Esquires continue their hilarious antics for the Washington's Birthday holiday crowd coming to the Topaz Room of the Nevada Lodge, North Lake Tahoe's largest resort hotel casino.

Albeit the trio accents comedy, the three show much skill in the instrumental and vocal department. With Bob Hanna on piano, Joe Martini on accordion and Eddie Bee on bass the versatile comedy group romps through some exciting vocal stylings and instrumentals.

Replacing the long-run of the Esquires on February 25 will be a frolicking musical comedy duo, Maize & O'Conlon. Joe Maize and Marty O'Conlon perform instrumentally, vocally and comedy-wise in a fast moving show. From folk songs to ballads, from modern to semi-classical, from an astronaut to a cowboy, and a comic to a musician might be a rapid review of Joe Maize and Marty O'Conlon as they wrap their versatile sketches into pleasing entertainment.

Showing extreme musical talents on Joe's talking electric guitar and Marty's singing accordion, they set an entertainment precedent. Timing-wise the comedy pair is hard to beat. Both Marty and Joe have displayed skill in musical arranging over the past years, too. With the combination of music and comedy the duo will present fast-moving, crowd-pleasing entertainment on the Topaz Room stage.

Girls Were Tied For Honor At Sno-Ball

CRYSTAL BAY—Due to an unfortunate oversight on the part of Regis Philbin, master of ceremonies at the 4th Annual Sno-Ball, held at the Nevada Lodge Saturday evening, a third place tie between Kathy Collier of Tahoe City and Buni Board of Norden, was not discovered until the ball was over.

The North Lake Tahoe Chamber of Commerce, and the beauty pageant committee wish to rectify this mistake and plan to present Miss Buni Board with the same third place prizes which were awarded to Kathy Collier, the girl who was honored at the Sno-Ball. The presentation of prizes and loving cup will be made at the cutta and dinner which is held at the Crystal Bay Club on Friday, March 12th, in conjunction with the annual dog sled races.

The board of directors of the chamber of commerce felt it was only fair to award both girls equal honors and prizes since it was a legitimate two way tie. The Queen Linda Draney, and her three princesses will be honored guests at the Calcutta dinner.

Added to the list with broken bones is little Jennie Strobel. She fractured a wrist bone, but nevertheless is still skiing to keep up her practice for the next race. She and Paul Strobel enjoyed three days at Mammoth Mountain, where Jennie also raced.

Among the spectators enjoying the boat show in San Francisco were Carson and Vi White. After reviewing all the cruisers, boats and outdoor equipment, they probably found just the right one for Donner Lake. They brought home many beautiful brochures from vacation places and scenic wonderlands. However, there was no representation from Nevada County, including Donner Lake-Truckee area. We have one of the most beautiful scenic playgrounds and Donner the "Gem of the Sierra." Why not show these thousands of viewers, now planning their next vacation, what our area has to offer?

The board members of the Donner Lake Auxiliary met Monday eve at Bess Reid's home.

More news from the St. Claires in Florida. Gene and Edith Welch and I received letters this past week. Tony and Claudia enjoyed a trip to the Everglades and are still busy seeing Florida. With temperatures in the 80's they must have that sun-kissed complexion. Claudia writes they hope to be back at Donner for a visit in June.

Recently a report was issued that a small plane had gone down in Washoe Lake, Nevada. The sheriff rushed a report to Bob Jamieson and his son, Robert, Jr. to take a boat to the lake immediately. As Bob, Jr. was on his way, a car pulled out in front of his, causing his vehicle and boat trailer to jackknife. Bob's left forearm was crushed and amputation was necessary. We all wish Bob, Jr. a speedy recovery. His spirits have been shattered as he hoped to be back water skiing at Donner this summer. The Jamiesons have the Donner Beach concession.

We would like to extend a welcome to our new neighbors and

managers of Donner Pines Motel, Mr. and Mrs. Richard Trotman from Buena Park. They like it up here very much and were previously in the motel business at Long Beach. Mrs. Trotman is taking a beautician course and plans to open her beauty salon at the motel later.

We hated to see Bud and Lena Bollock leave the area but do hope they will enjoy living in Incline Village.

The Donner Lake Volunteer Ladies Auxiliary will meet tonight at 7:30 at Smart's. Nomination of officers will be held. See you all there, so we can start on a busy year.

Naturally the news is the Sno-Ball. Linda Draney won the Miss Snow Flake contest with her beauty and poise. All were pleased at the decision of the judges. The event turned out to be the big success that it always is. The planning is done efficiently and the results are noteworthy. Several hundred were in attendance. Now for the Dog races.

Doreen Silveria of Incline Village lost her grandfather Thursday. He had been a long time victim of a stroke and had a severe one last Sunday. The funeral will be Monday in Los Molinos.

There will be a Sierra Interfaith Youth meeting at the Tahoe Lake school gym Sunday, February 21. The time is 5:30-8:00. This meet is designed to include the youth of the area of all faiths, Catholic, Jew, and all Protestant denominations. It is sponsored by an unofficial interfaith organization, "Rumble" and should prove to be a real vital program to the youth. The theme is called "The Uncooperative Chair".

Dr. Paul Ctsapralis and wife and two children, Maryann and Bob Klett with son and daughter, Stene and Christine, were up this past weekend to the cottage on Dolly Varden. They try to make as many weekends during ski season as possible. Dr. Ctsapralis currently at the Veterans Hospital in Livermore. This weekend, as a surprise, they brought a lovely chrysanthemum plant to Mrs. Alice Kent who lives across the street and watches their place for them in between visits.

The Grossclausens of Santa Clara are weekending in the Kings home in Kings Beach. We hope that they have a good time and come back often to our area.

The Jim Mandevilles had some unexpected company this week. A relative of Peg's, I won't even attempt to explain how except that a step brother to her step sister, whom she had not seen in about 20 years spent the afternoon. Dick and Jean Bear had recently moved to Sacramento and were making their first trip to the lake. In driving through Kings Beach they saw Peg's babysitting sign on the highway and stopped. Peg and Jim saw the Bears last just before they, the Bears, were married over 19 years ago. They now have a lovely family, Lynn, Dale, Diane and Kent who were with them on the trip.

The second grade Brownie Troop is being ably led by the mothers in the absence of Marilyn Norton Visel, regular troop leader. Mr. and Mrs. Visel, as reported, are honeymooning in Palm Springs and will return to the lake with her daughter, Tracy Norton, the first of March. Each girl made Mrs. Visel a wedding card and they were sent to her in Palm Springs. The members of the troop are: Lori Dean, Sherry Malone, Rene Gilmore, Candy Whitley, Susan Reynolds, Carol Rueckheim, Vickie Mitchell, Kit Briscoe, Bernadette Jones, Lydia and Alea Ellwinger and Tracy Norton upon her return.

There was one fire this week.

The Bill Cobb house on Washoe Road behind North Shore Club had a fire. To date there has been no estimate of damage.

Mr. and Mrs. Lloyd Hall, former Kings Beach residents, flew in to the Truckee airport Sunday with some clients interested in property in this area. They are now managing the Associated Brokers Real Estate agency in Anderson. They present place of residence. They stayed only a short time, showing property and then flew home. They send their best to all their friends in the area that they did not have time to see.

Mrs. Harold Tiller with cohostess Mrs. Dick Loudon gave a luncheon shower for Mrs. George Glead in the Tiller home last Friday. Those present were Mesdames Andy Browne, Robert Jenkins, George Sayre, Gill Richmond, Dick Newton, Ray Plunkett, Carl Shaff, Jack Jester, John Lienhart, Joyce Anderson and Joyce Peck.

LAND EXCHANGE WITH SCHOOLS ANNOUNCED

Forest Supervisor Hank Branagh announced that the Tahoe National Forest has consummated a land exchange with the Tahoe Truckee Unified School District. The forest acquired 60 acres of private land in Blackwood Creek near Lake Tahoe and 117 acres of rough mountain land south of Rainbow Tavern for a 50-acre high school site at Lake Forest, a 10-acre grammar school site at Kings Beach and 5 acres at the existing Donner Trail school.

The first two sites are on the north side of Lake Tahoe. The Donner Trail school is on Highway 40 five miles west of Soda Springs. The exchange was made on a value-for-value basis. The school sites are in areas where suitable private land is hard

to find, even at inflated prices. All of them are nearly level and easily accessible.

The exchange was mutually desirable. The forest service traded scattered ownerships in highly urbanized areas for more remote acreage adjacent to large national forest tracts, thereby simplifying boundaries and acquiring land more suitable for public use.

This rather complicated exchange ran into many obstacles. The successful culmination is a credit to a determined school board and superintendent of schools. Deeds to the school sites were delivered December 31.

The first Coast Guard Revenue Cutter (Service) Academy, founded in 1876, was the schooner Dobbin, based at New Bedford, Massachusetts.

PLANNERS SEEK NEW LAW FOR HIGHWAY

AUBURN—Planning commissioners from Placer and El Dorado counties have indicated they will ask an amendment to the state highway act to provide for the building of a scenic highway around the west shore of Lake Tahoe.

The action was taken at a meeting held in Auburn last week during which Attorney Franklin Tuttle, who represents several land owners in the area, said he will request the board of supervisors to set aside the Ward Creek area as a potential scenic area.

The area proposed by Tuttle is:

in a recreation area where a multi-million dollar enterprise, known as the Twin Peaks Ski and Golf Club, is planned.

You won't get rich overnight buying U. S. Savings Bonds. But for the long run, they make an excellent investment.

You get a guaranteed rate of interest—3 3/4% when held to maturity—so there's no ups and downs to worry about.

You also get certain tax advantages since Savings Bonds aren't subject to state or local income taxes and the federal tax can be deferred until the Bonds are cashed.

But probably most important is that Bonds pay off in more than dollars. When you get your Bond investment back you know it has helped Uncle Sam strengthen the cause of freedom (your cause) all around this troubled world of ours.

AIRMAN WESTBROOK COMPLETES TRAINING

SAN ANTONIO, Tex.—Airman Steven J. Westbrook, son of Mrs. Charles A. Brunk of Red Bluff, has completed his U. S. Air Force basic military training at Lackland AFB, Tex., and has been selected for technical training.

Airman Westbrook will be trained as a food service specialist at Ft. Loo, Va. The school is one of the many military and civilian education facilities used in the vast air training command system to prepare officers and airmen for duty in the diverse skills required by the nation's aerospace force.

The airman is a 1964 graduate of Red Bluff high school. His father, Don J. Westbrook, resides in Truckee, California.

Tea consumption in the United States in 1963 was 7.7 gallons per person.

What is the WORLD! by TED

The Still-Present Spectre

The world produced less food per person in the year ending mid-1964 than it did in the previous 12-month period, says the United Nations Food and Agriculture Organization (FAO).

What is more depressing, FAO notes in a worldwide study, is that "there has been no per capita increase" during the past five years.

FAO says the stagnation hit hardest in underdeveloped countries "where more food is needed most": Latin America, Africa and the Far East, North

America and Oceania (including Australia and New Zealand) were the only regions to show meaningful gains last year.

One major reason for the downward production trend was the long, severe winter that afflicted Europe and the Soviet Union in 1963-64, FAO reports.

To reverse the trend, FAO is pushing for more technical and financial assistance to agriculture in underdeveloped regions — the lands where the pangs of hunger are greatest.

SIERRA SKIING

By VI WHITE

Judy Leyton and Jean Spitzen, both of Tahoe City placed 3rd and 6th respectively skiing for Sierra College in the Powder Puff Derby Sunday at Mt. Rose during the Nevada Winter Carnival. Their team placed second behind University of Oregon.

George Batchelder, Sierra won the slalom event Saturday with a time of 143; Lane Monroe, Nevada, 157.6; M. Mahara, Oregon, 158.1; Bob Seals, Sierra, 158.4; Chris Mazola, Nevada, 200.7.

The first three place winners in the giant slalom Saturday at Slide Mountain were: Lane Monroe, Nevada, 127.7; Mosashi, U. of Oregon, 130.6 and Dean Yould, Sierra, 138.6.

Many spectators lined the jumping hill and run off area Sunday at Mount Rose to watch the final event. Arne Nossom of Nevada had the longest leaps, 133-125 feet, giving him 212.3 points. Brian Nissem of Sierra had twin jumps of 128 feet, 207.2 points, Phil Bernhardt, Sierra, 111-109 feet, 181.6 points. Fifth, Knute Olberg, Sierra, 99-94 feet, fifth, Terry Flodin, Chico, 98-96, James Roberts, Sierra, 10th, 98-89 feet.

Among the jump judges were familiar faces, Charlie Fink of Truckee and Jack Starratt of Tahoe City.

Lane Monroe of Nevada received the Skimeister trophy. His team won the four-way meet with Air Force Academy, 2nd; University of Oregon, 3rd; Sierra Jr. College, 4th; Oregon State, 5th; Chico, 6th; Arizona State, 7th; San Francisco State, 8th; Siskiyou, 9th and Southern Oregon, 10th.

All areas received good crowds of skiers taking advantage of the Lincoln birthday weekend, but this coming Washington's birthday is another three-day and no doubt records will be broken for attendance of winter sports enthusiasts. A winter carnival is on tap for Heavenly Valley and the Senior Girl Scouts of Palo Alto are coming to the Donner Ski Ranch.

NEWS FROM DONNER TRAIL

By Betty Kielhofer

I was awfully disappointed to have missed the marriage of Barbara Baker and Dave Vieu on Sunday, but couldn't make it home from Chico in time. First hand reports, however, were that Barbara was stunningly beautiful and Dave extremely handsome in their wedding attire. They were married in Squaw Valley and were given an elaborate reception at Smart's the same evening.

They rented a cute little home on Highway 89 and moved in the same day of the wedding.

The terminal building at the airport is beginning to look like the Museum of Natural History in dear old San Francisco. Bill Englehart loaned them a deer head and the full stuffed body of a small bear, which looks pretty good after a little "eye surgery" and a good brushing. The visiting pilots are quite impressed with his presence.

If anyone has an unusual stuffed animal of this type and would like to loan it for this purpose, contact Andy Creglow and I know he will be most happy to put it on display.

Otho Davis and wife Edith, owners of the Rio Lumber Co., just purchased the Richard Ciandro home in Olympic Heights along with the adjoining lot and will be making extensive additions before too long.

Jack Ellis was hospitalized most of last week with a touch of pneumonia but is feeling much better now. Also saw Carmen Silveri in the next bed but was happy to hear his injuries were not serious after his fall.

Contractor Ernie Smith and foster Roger Johns were minus their shirts (which are hanging on the

terminal building wall) last week when they each soloed the Cessna 175 under the surveillance of instructor Rick Baer.

Interest in flying has really skyrocketed with the two-day week schedule being full and the possibility of a third being considered.

I had an occasion to visit Alex Stewart at Harrahs on the south shore last week and he's looking wonderfully tanned and healthy. He gave us an extended tour of the place along with a hearty breakfast. Hazel will open the club house in May and he'll be back in June just as soon as he finishes up the Harrahs Invitational golf tournament.

THE STORY OF TEN LITTLE FREE WORKERS

Ten little free workers in this country fine and fair.
But if you cherish your freedom—worker have a care!
Ten little free workers—Reddy was doing fine
Until the socialists got him—then there were nine.

Nine little free workers laughed at Reddy's fate
Along came federal medicine—then there were eight.

Eight little free workers thought this country heaven
But the government took over the railroads, then there were seven.

Seven little free workers—'till the miners got in a fix
Uncle said coal's essential and took over leaving six.

Six little free workers 'till the day did arrive
The steel mills too were federalized—then there were five.

Five little free workers—but the farmers are free no more
The farms have been collectivized—that leaves only four.

Four little free workers till the government did decree
All must have free legal advice—then there were three.

Three little free workers—the number is getting few,
But with government groceries selling food—then there were two.

Two little free workers—our story's almost done,
With clerks at work in federal stores—that leaves only one.

One little free worker—the reporter son-of-a-gun
Mustn't criticize the government—so now there are none.

Ten little free workers—but they are no longer free
They work when and where ordered, and at a fixed rate you see,
And it all could have been prevented if they'd only seen fit to agree
And work together instead of saying "It never can happen to me!"

Yes... this could happen to you. This little story could come true unless each of us works to preserve free enterprise. What can you do? Write your Congressman and ask him to keep government out of business.

Linda Draney was crowned "Miss Sierra Sno Flake" of 1965 at the climax of the beauty pageant at the Nevada Room of the Nevada Lodge on Saturday night. Linda is the daughter of Vernal Draney of Kings Beach and Lucille Draney of Crystal Bay. A native of the area and graduate of the local schools. Linda was princess of last year's

FIRE INSURANCE ISN'T ENOUGH!

Sno-Ball and the popular choice of the guests as the applause would indicate. Our choice, naturally, since as chairman of the Sno-Ball last year, we were instrumental in her entry and pleased that she won the princess title.

A special note of interest is that Linda wore a beautiful red velvet which she designed.

Our congratulations to Linda and success and happiness for her reign this year.

Our thanks to the Sno-Ball committee, Robert E. Lee, Velda Farris and Marilyn Fugazi for being a guest of the Lake Tahoe Chamber of Commerce at the affair. It was wonderful to be a guest instead of responsible for the guests!

Son, Pieter and your columnist came up from Reno and spent the weekend with Harry and Vivian McIntire at Tahoe Vista. Being a tourist to one's old home town is great. We loved it. Thanks to all our friends who welcomed us and made us feel we were still a part of Lake Tahoe.

Jetta Steward is spending a short vacation with Audrey Welch at Kings Beach. Jetta is with the U. S. S. President Roosevelt Lines and is taking this short trip off to catch up on her business affairs and see friends. She too attended the Sno-Ball and for once saw it from the front. Usually Jetta was behind the scenes helping with make-up of the contestants. Happy vacation Jetta.

Mary Lou Welch came up from Auburn to visit sister, Audrey, and also attend the Sno-Ball.

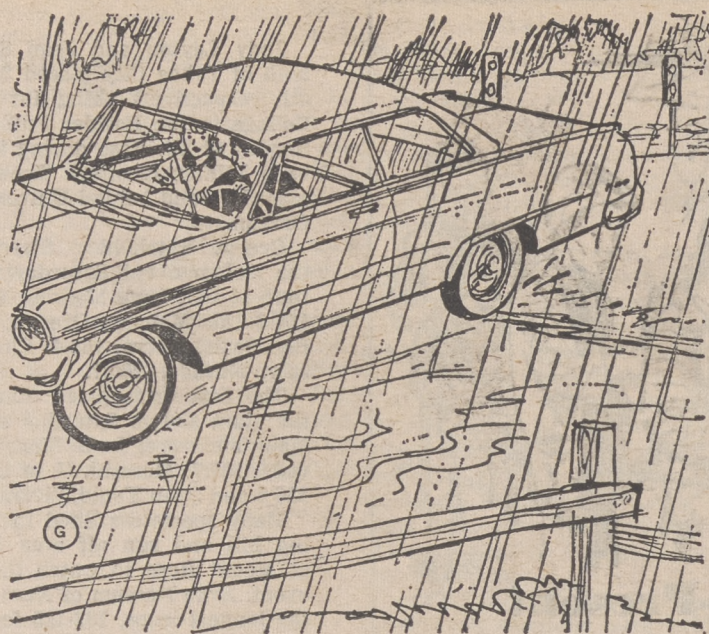

Regis Philbin, who will be assuming the TV spot vacated by Steve Allen, was master of ceremonies at the Sno-Ball. A personable, likeable and clever young man of whom you will be hearing more. It is nice to be able to say—he was at Lake Tahoe and we saw him at the start of his career. He is well known in other areas and we are sure he will be one of TV's outstanding young men.

Coming to Lake Tahoe with Mr. and Mrs. Leland Cooley of Laguna Beach, was his 80 year old mother. The Cooleys were judges at the Sno-Ball. Mrs. Cooley Sr. is no new comer to the area, having a place at Emerald Bay for many years. So it was homecoming in a sense for both Mrs. Cooley and her son.

He is a TV producer and author and his wife, Lee, is a former Broadway star.

Behind The Wheel

SKIDS—Many accidents caused by skids could have been avoided if the driver had remembered to steer in the direction of the skid, advises the California State Automobile Association. If your car ever goes into a skid because of slippery or icy conditions, bear in mind not to slam on the brakes but to turn your wheels in the direction of the skid.

of the best speeches we have ever heard and we print it in full—
"Welcome!"

Talking to several oldtimers of the area after the ball, we learned that a Sno-Ball was held at Cal Neva Lodge in 1949-50 which was sponsored by the chamber of commerce. Cal Neva was closed for the winter but Don Bowman, who was in charge, opened it for the ball. Altho there were not more than 500 local residents at that time, the affair was a huge success and had an attendance of over 500. Roy Porath of Kings Beach was one of the workers who helped with the ball.

Lois Watson, wife of Bill of Incline, was one of the contestants in the Sno-Ball. Lois belonged to the Christiana Ski Club of Compton and came by bus to Truckee to enter the competition. Unhappily Lois' luggage continued on to Washington and Lois had to borrow come clothes for the entire stay. The contestants in this particular affair had to have skiing ability as one of the qualifications for entering.

Bill and Helen Elliott of Tahoe Vista attended the boat show in San Francisco last week.

Isabelle de Luque of Tahoe Vista is visiting her family in Miami. She went back to attend the wedding of a niece and since relatives are scat-

tered around the entire U. S., this will be a wonderful opportunity to see many she has not seen in years.

Our sympathy to Bill Elliott of Tahoe Vista on the death of his father, Charles Elliott, in Los Angeles last week.

Fire completely demolished the residence of John Coda of Tahoe Vista last Wednesday. John has been residing at a cottage owned by Bill and Helen Elliott adjoining their resort. He was awakened in the early hours by the fire and escaped without any of his possessions, but he, fortunately, was not injured.

Committee for the annual Hat Party for the Women's Club met at the home of President Eleanor Egan at Brockway to discuss the plans for the party. Present were Inez Jordan, Ardith Burrill, Mildred Ricks, Pearl Kientz, Pearl Draney and Deede McKinney.

The affair will be held at the Topaz Room of the Nevada Lodge on Tuesday evening, March 16 with "A Wee Bit of Heaven" as the theme. Cocktail hour will be followed by dinner and dancing.

Bud and Betty Schubert of Kings Beach motored to St. Petersburg, Florida, to spend a couple of weeks vacation away from their business. They attended the United World

Mission's annual conference, and were happy to see missionaries with whom they worked in Mali, Africa.

Henry and Vi Huot of Kings Beach and daughter, Sharon, of San Francisco, enjoyed a two week holiday trip to Hawaii for fun in the sun.

Al Burghardt and father, R. T., of Tahoe Vista spent a couple of days on a combination pleasure and business trip to San Francisco. Pleasure was seeing the boat show where they selected new boats to use at their resort this summer.

Pearl and Ted Draney's trip to Death Valley, Yuma, Tucson, Phoenix and on to Bisbee on the Mexican border was concluded by rain and they returned to Tahoe sunshine—yes—sunshine!

Johnny and Jerry Rayburn of Incline Beach were business visitors to Sacramento over the weekend.

Judy Deveney and daughter, Rose Ellen, who were visiting her mother and husband, Rose and Larry Hardgrave in Reno, are now visiting relatives in Oakland. Judy expects husband, Jerry, in from Hawaiian duty shortly and they will then continue on to Lemoore where he will be stationed.

The Village Lounge is the newest business to open in Incline Village. Owners are Chuck Bridge and Mike Burgwin with Jim McCoy as mixologist.

The lounge features a piano bar and free buffet.

Lunching at the Holiday Hotel in Reno Thursday were Mr. and Mrs. W. Dalton La Rue and children Junior and Vicki and H. E. "Pappy" Brooks now from Walnut Creek but for many years a Kings Beach resident.

The Lake Tahoe Gun Club has recently been sold to the Sierra Power Company, according to Pappy and his visit was in this connection.

Pappy is president of the Gun Club, Tom Sutton, vice president; Dalton, secretary-treasurer, and LeRoy Porath and Sam Faulkner directors. Two meetings have been held in Reno in connection with this transaction.

We have never seen Pappy looking so good. His new home at Wal-

AUBURN—A woman who claims she suffered serious injuries in a head-on traffic collision on the Squaw Valley road November 16, 1964, filed a \$100,000 damage suit in superior court here last week.

The plaintiff, Louise White, declared her neck, back, head and legs were hurt when her car was struck by an automobile driven by Hudson Brett, who was described in the suit as a minor. Twelve Does were also named as defendants.

nut Creek is greatly enjoyed by both he and his wife.

Thanks for the luncheon invitation to the Chataux at Incline Village, Guy, Velda Farris, Kay McGuire and Mary Bowser lunched and relaxed there Friday and say the food is great. We say—Guy's lunches and dinners are always great!

Bill and Lorraine Clark of Yerington were weekend guests of Harry and Vivian McIntire at Tahoe Vista.

They revealed PTA had served the first hot lunches, started a library, had the first Christmas party, helped in immunization clinic, secured signal at railroad crossing, furnished teachers room, sponsored girl scouts, landscaped front of school, bought encyclopedias and paid for a volley ball court. It was also the practice at one time to introduce the families of teachers as well as the teachers.

The door prize was won by Mr. Jack Houlgate. Miss Conant's room won the room banner for the third time.

Renewed Interest Sparks Increase In DeMolay Growth

Tahoe Truckee Chapter Order of DeMolay is growing rapidly under the leadership of the last several corps of officers, due to the renewed interest of the boys themselves, outstanding adult leadership, and a general growth of population in the area.

The boys and their leaders are taking an active and important part in the activities of the Truckee-Tahoe communities and preparing themselves for service and participation in the future growth of the area. The boys daily display their pride in belonging to an organization which grew out of a hunting accident, a boy's need for companionship and advice, and a young social service director's dream of teaching teen-age boys the principle of a good, upright life.

The hunting accident occurred in 1919 in Kansas City, Missouri, and left fatherless a teen-age boy named Louis Lower. In his attempt to find a job and get some fatherly counsel, the boy approached Frank S. Land, the twenty-eight year old director of the Social Service Department of the Scottish Rite Temple in Kansas City, and a friend of his father. Frank Land gave him a job, and continued to sponsor and counsel with the boy and his friends.

At their request he agreed to sponsor a group of nine high school boys to help them form a new boy's club that would be both educational and inspirational; and on March 18, 1919 the boys organized formally and adopted the name of Jacques DeMolay for the historic martyr who was the last Grand Master of the Knights Templar during the Crusades.

He was burned at the stake in the year 1314 for his loyalty and tolerance to the principles for which he had fought.

From this early beginning of nine teen age boys and one adult sponsored the organization has grown to more than 2500 world wide active chapters. The boys obligate themselves to the following principles: to be a better son and man; to honor his parents; to love and serve God, his country and fellow men; to uphold the public schools; to slander no one; and to exercise tolerance in opinions of others. Their ritual has been termed ageless, and except for a very few words, it remains unchanged since adopted in November 1919.

DeMolay has been the springboard for many a man that has gained fame and fortune as Senators, Congressmen, admirals, generals, governors, ministers, writers, movie stars and business leaders; and can look back upon the initiation of approximately three million boys.

SNOW PLAY ACCESS ROADS ARE PROPOSED

Senator Paul J. Lunardi introduced a senate resolution Tuesday requesting the department of public works to conduct a study on the feasibility of providing snow removal service for access to "snow play" areas.

The senator said that his resolution results from the concern by state and local officials about the increasing number of persons traveling from nearby urban areas to play in the snow. It has been estimated that during the 1964-65 winter approximately 275,000 visitor days of "snow play" will occur along Interstate 80 in Placer and Nevada counties from Blue Canyon to Donner Summit.

This unorganized activity is presently causing problems for commercial establishments by ruining snow surfaces for skiing and other formal winter sports along with hampering highway maintenance crews. Activity of this nature also contributes to the impediment of traffic flow.

Placer County officials have acknowledged that they can obtain permission from several other agencies to use lands adjoining the local freeway for "snow play" purposes providing the feasibility report is favorable.

HONORED AT DINNER

Lieutenant George Haines, veteran officer with the California Highway Patrol, was honored at a retirement dinner last week at Auburn. Haines, well known in this area, retired after 29 years of service.

SOCIAL SECURITY

A representative of the Social Security Administration will be at the justice court in Truckee at 9 a.m. February 23, to assist anyone desiring his services and to answer questions.

Friday Party—

Mr. and Mrs. Loren Ferdinand, with daughter Sandy entertained a group of the latter's friends Friday evening at a dancing party. Appointments of the affair were in the Valentine motif.

Date Observed—

Linda Stout was the incentive for a celebration on February 15, her birth date.

SERVICES HELD

Funeral services were held in Oroville for Mrs. Jane Grussendorf, 68 years of age, a native of California. The deceased is survived by two sisters, Mrs. Mary Johnson of Lake Tahoe, Placer County, and Mrs. Eleanor Gunther of Santa Maria.

Parker's 39th—

Everett Parker will hold his annual celebration of his 39th birthday, February 23, his friends and family wishing him a year of happiness and good health.

Gordon Here—

Gail Gordon of Grass Valley visited this area Thursday conducting labor business.
